A-SMART® CARTS + AREA SALES REP = SATISFIED CUSTOMER A-SMART ADVANTAGE

CONSIDER THESE VALUE ADDED SERVICES

Before You Make A Longterm Investment

Ask you local Representative for a FREE Demo of our most popular carts

Armstrong Medical Offers:

- Nationwide coverage (over 40 Sales Representatives)
- Pre-sale support
- Delivery support
- Post-sale support
- **The Best Overall Value Around**

FEATURES OF A-SMART® PREMIER™ ALUMINUM CART

- **ALUMINUM Carts are 45% lighter than Steel**
- **Full Extension Ball Bearing Drawer Slides**
Ensures that your drawers will open and close smoothly every time.
- **Quality Aluminum Construction**
One-piece outer shell construction providing you with added strength and stability. Locking components consist of zinc plated and galvanized parts.
- **Double Side-Wall Construction**
Armstrong's A-SMART® Carts offer you the added protection of our double side-wall construction. The outer wall adds an extra layer of protection to ensure that your drawers, attached to the inner wall, will always slide smoothly.
- **Two Interchangeable Locking Systems**
- **Customize Your Locking Configuration**
Lock individual drawers, double lock drawers, use multiple types of locks on the same cart.
- **Slide-Thru Side Shelf**
- **Contour-Fit Plastic Top**
- **Four Vertical Aluminum Corner Mounting Tracks**
For easy accessory attachment (eliminates the need for holes).
- **Stabilizing Frame With Bumper**
Casters are moved out from underneath to the outside of the cart. This extra wide base provides your cart with added stability.
- **18 Colors Available**
Allows you flexibility in your carts appearance. Choose colors to specify department or function, or even use multiple colors on the same cart to differentiate drawers.
- **Highest Quality Swivel Casters (two locking, one tracking)**
Quiet, durable, German-made casters. Smoother, easier maneuvering.

Double Side-Wall Construction

Armstrong's A-SMART® Carts offer you the added protection of our double side-wall construction. The outer wall adds an extra layer of protection to ensure that your drawers, attached to the inner wall, will always slide smoothly.

A-SMART® Standard Steel Cart Features

How to CUSTOMIZE An A-SMART® Standard Steel Cart:

1. CHOOSE FRAME SIZE & DRAWER CONFIGURATION

What kind of locking system do you need? How much drawer space do you want?

ABL Series: Breakaway Locks

ABL-6

6 Drws.
= 30" drawer space

ABL-6 = 6 Drws. with 30" dr. space (shown above)
ABL-4 = 4 Drws. with 24" dr. space
ABL-5 = 5 Drws. with 24" dr. space

6-Dr. ABL Cart Dim.:

Overall: 45.40"H x 25.40"D x 34.15"W (includes bumper/handles/casters).
Drawer size: 17¹/₁₆"D x 22¹/₄"W.
Drawer configuration: 30" total drawer height.
6-Drawer: 2⁷/₈"H (4), 6¹/₈"H (1), 12¹/₂"H (1).
Weight: 165 lbs.

4-Dr. and 5-Dr. ABL Cart Dim.:

Overall: 38.90"H x 25.40"D x 34.25"W (includes bumper/handles/casters).
Drawer size: 17¹/₁₆"D x 22¹/₄"W.
Drawer configuration: 24" total drawer height.
4-Drawer: 2⁷/₈"H (2), 6¹/₈"H (1), 12¹/₂"H (1).
5-Drawer: 2⁷/₈"H (3), 6¹/₈"H (1), 9³/₈"H (1).
Weight: 145 lbs.

AKL Series: Key Locks

AKL-6

6 Drws.
= 30" drawer space

AKL-6 = 6 Drws. with 30" dr. space (shown above)
AKL-4 = 4 Drws. with 30" dr. space
AKL-5 = 5 Drws. with 24" dr. space

4-Dr. and 6-Dr. AKL Cart Dim.:

Overall: 45.40"H x 25.40"D x 34.15"W (includes bumper/handles/casters).
Drawer size: 17¹/₁₆"D x 22¹/₄"W.
Drawer configuration: 30" total drawer height.
4-Drawer: 2⁷/₈"H (1), 9³/₈"H (3).
6-Drawer: 2⁷/₈"H (3), 6¹/₈"H (2), 9³/₈"H (1).
Weight: 165 lbs.

5-Dr. AKL Cart Dim.:

Overall: 38.90"H x 25.40"D x 34.25"W (includes bumper/handles/casters).
Drawer size: 17¹/₁₆"D x 22¹/₄"W.
Drawer configuration: 24" total drawer height.
5-Drawer: 2⁷/₈"H (3), 6¹/₈"H (1), 9³/₈"H (1).
Weight: 145 lbs.

APB Series: Push-Button Locks w/Key Override

APB-6

6 Drws.
= 30" drawer space

APB-6 = 6 Drws. with 30" dr. space (shown above)
APB-5 = 5 Drws. with 24" dr. space

Standard Push-Button Locking Carts, page 30

6-Dr. APB Cart Dim.:

Overall: 45.40"H x 25.40"D x 34.15"W (includes bumper/handles/casters).
Drawer size: 17¹/₁₆"D x 22¹/₄"W.
Drawer configuration: 30" total drawer height.
6-Drawer: 2⁷/₈"H (3), 6¹/₈"H (2), 9³/₈"H (1).
Weight: 165 lbs.

5-Dr. APB Cart Dim.:

Overall: 38.90"H x 25.40"D x 34.25"W (includes bumper/handles/casters).
Drawer size: 17¹/₁₆"D x 22¹/₄"W.
Drawer configuration: 24" total drawer height.
5-Drawer: 2⁷/₈"H (3), 6¹/₈"H (1), 9³/₈"H (1).
Weight: 145 lbs.

18 Designer Colors

2. PICK YOUR OPTIONS

Choose your drawer fronts...

Choose from any one of our eighteen designer colors on the right. If you want the ABL-4 as shown with Teal drawer fronts, your cart would be ABL-T-4. Customer Service will gladly assist you with questions.

Four drawer sizes available:

3" 6" 9" 12"

If standard drawer arrangements don't suit your needs, slides can be moved 3" up or down (additional charge per cart). Call Customer Service for details: 800/323-4220.

How do we ship our carts? See page 5

A-SMART® Premier™ Aluminum Cart Features

18 Designer Colors

How To CUSTOMIZE An A-SMART® Aluminum Premier™ Cart:

1. CHOOSE FRAME SIZE

24" (5-Drw) CART DIMENSIONS:

Overall: 39.55"H x 25.02"D x 34.05"W (includes bumper, handles, and casters).
Drawer size: 17¹/₁₆"D x 22¹/₄"W.
Drw config.: 24" total drawer height.
5-Drawer: 27⁷/₈"H (3), 6¹/₈"H (1), 9³/₈"H (1).
Weight: 78 lbs.

27" (6-Drw) CART DIMENSIONS:

Overall: 42.95"H x 25.02"D x 34.05"W (includes bumper, handles, and casters).
Drawer size: 17¹/₁₆"D x 22¹/₄"W.
Drw config.: 27" total drawer height.
6-Drawer: 27⁷/₈"H (4), 6¹/₈"H (1), 9³/₈"H (1).
Weight: 85 lbs.

30" (6-Drw) CART DIMENSIONS:

Overall: 46.05"H x 25.03"D x 34.05"W (includes bumper, handles, and casters).
Drawer size: 17¹/₁₆"D x 22¹/₄"W.
Drw config.: 30" total drawer height.
6-Drawer: 27⁷/₈"H (3), 6¹/₈"H (2), 9³/₈"H (1).
Weight: 92 lbs.

2. CHOOSE A LOCK OR HAVE BOTH

PKL Series: Key Locks

PBL Series: Breakaway Locks

Locks fit *either or both* corner glides

See page 38 for Premier™ Locking Bars

3. PICK YOUR OPTIONS

Choose your drawer fronts...

Choose from any one of the eighteen designer colors on the left. To get the PKL-24 as shown with **Slate Blue** drawer fronts, order the PKL-SB-24. To get the PBL-27 as shown with **Cranberry** drawer fronts, order the PBL-CR-27. Call Customer Service for assistance.

Four drawer sizes available:

3" 6" 9" 12"

If standard drawer arrangements don't suit your needs, slides can be moved 3" up or down (additional charge per cart). Call Customer Service for details: 800/323-4220.

HOW DO WE SHIP OUR CARTS?

All carts are shipped via truck ground freight. Special arrangements must be made for liftgate/inside delivery. Additional delivery time may occur on customized carts. Carts may not be returned for credit.

High Security Cart with Wireless Management

The Armstrong Wireless Auto-Locking Cart offers added security with several programmable auto-lock features. Additional security options include badge access, dual-locking controlled substance drawer with audible alarm, and software audit trail reports for accountability. The LCD display provides the cart status information and allows for on-screen programming. With the integrated 802.11g wireless capabilities, managing the carts and users (*up to 5,000*) can be administered remotely in only minutes.

Wireless Auto-Locking Cart

WEL-Color-30 6-Drawer 30" Wireless Auto-Locking Cart

Cart Features:

- Overall cart dimensions: 48.05"H x 25.20"D x 34.45"W
- Weight: 130 lbs.
- All the quality features of an Aluminum Premier Cart (see page 3)

Electronic Features include:

- LCD keypad display (shows date, time of day, current battery life, and programmable menu driven display system that prompts you to each additional command)
- Integrated 802.11g wireless capabilities
- 5,000 user codes possible*
- Supervisor code for all programming
- User code for normal, daily use
- Manual or automatic locking
- Battery operated (6 "D" cell batteries)

Auto-lock features include:

- Programmable auto re-lock warning with the ability to extend the open time* - Set a time interval to warn you that the cart is going to lock. When the warning happens, with a simple press of a button, you can choose to keep the cart open
- Time of day relock* - Set the cart to lock at a specific time of day.
- User specific relock* - The cart can be set to a default auto-lock time. This setting allows a specific user to set their own auto-lock time interval to differ from the default.
- Ability to program actual clock at keypad*
- Ability to limit auto-lock programming to Supervisor Code only* - Restrict users from manipulating the auto-lock settings.

WEL-AA-30 shown with optional Controlled Substance Drawer, WEL-PR Prox Reader, PTR-1 Trellis System, ATB-4X & ATB-5X Tilt Bins, and PSB-1 Sharps Container Brackets.

Not Sold Or Serviced Outside The Continental USA.
MORE INFORMATION, SEE PAGES 8 & 9

***Please note for the Armstrong PEL and WEL carts, we suggest using alcohol only for the electronic keypad surface. Please completely dry keypad and surrounding area after alcohol application.**

Aluminum WIRELESS Auto-Locking Cart

WIRELESS AUTO-LOCKING

CONTROLLED SUBSTANCE DRAWER

18 Designer
Colors

Get added security for controlled substances with our CS drawer. User-friendly LED screen allows for easy navigation.

WEL-SG-30CS shown with Optional WEL-PR Proximity Reader, ACL-2 Long Catheter Holder, AWB-3 Sloping Wire Basket, PTR-1 Trellis System, and ATB-4X and ATB-5X Tilt Bins.

For optimal performance, be sure to check batteries every 6 months.

Not Sold Or Serviced Outside The Continental USA.

Factory Installed Options

WEL-Color-30CS 6-Drawer 30" Wireless Auto-Locking Cart with Controlled Substance Drawer

The WEL-Color-30CS incorporates all of the WEL-Color-30 features in addition to a Controlled Substance Drawer

Controlled Substance Drawer:

- Top 3" drawer to be a dual credential Controlled Substance drawer.
- First credential can be either a proximity badge or a pin code, and the second credential is assigned as a pin code.
- Controlled Substance drawer can be locked manually or will auto-relock at the same time interval set for the main cart auto-lock
- Controlled Substance drawer alarm can be set to alarm (audio and visual) when the drawer is left open and/or alarm for an unauthorized entry
- Additional CS drawer key override

Other Factory Installed Options

WEL-PR Proximity Reader

The WEL-PR Proximity Reader will read most low frequency HID® Prox Cards (125 kHz). *The Proximity Reader can not be retrofitted on existing carts.*

WEL-PRI iCLASS® Reader

Contactless smart card read-only reader. Reads identification only from iCLASS® cards. *The iCLASS® Reader can not be retrofitted on existing carts.*

PEL-PC HID® Prox Card

PEL-PS Proximity Card Sticker

(makes non-compatible prox cards compatible)

Simply wave the card in front of the reader to open.

***Please note for the Armstrong PEL and WEL carts, we suggest using alcohol only for the electronic keypad surface. Please completely dry keypad and surrounding area after alcohol application.**

Accountability & Wireless Management

Network Software

WEL-SW Network Software

- Operates on 802.11g frequency (at designated check-in intervals)
- Comes with (1) client access license and (1) server license
- Minimum requirements to run Network Software: MS SQL Server or Express (2005, 2008)

*Please call customer service for a complete list of requirements

WEL-SWC Additional Single Client Access License

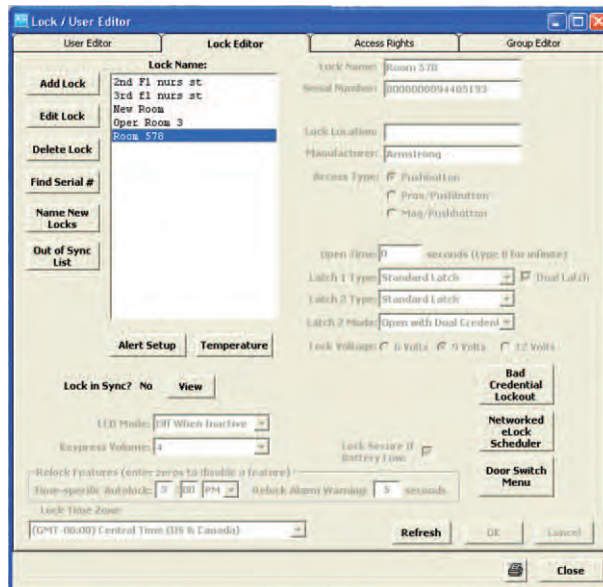

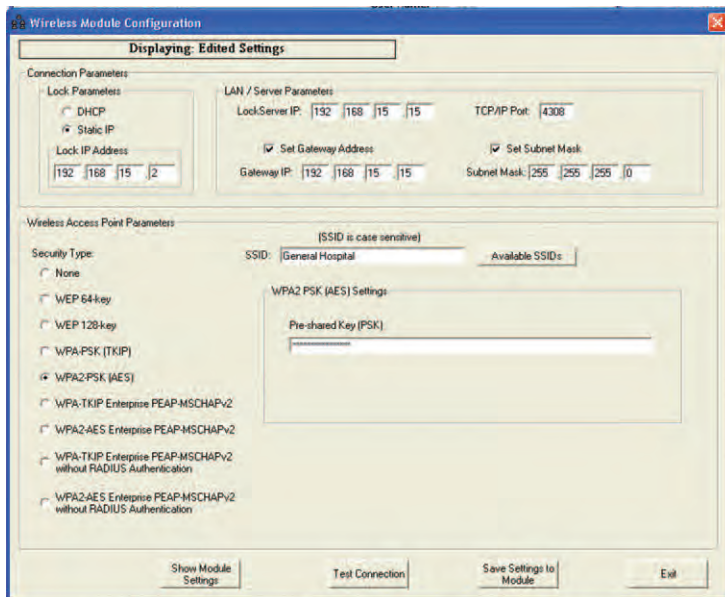

Windows Based

The Network Software allows the administrator to communicate with the Wireless Carts through the facility's 802.11g network. As users and settings change, all of the changes can be made by the administrator from the comfort of their desk. As each Wireless Cart checks into the network at the designated check-in intervals, **all information will be automatically updated at each and every cart.**

Many configurable options including:

- Add, edit, view, and delete users
- Control of cart settings (ex: auto-lock defaults, alarm set-up, keypress volume level, etc.)
- View audit trails which include activity as to when the cart (and CS drawer when applicable) is open, locked, key override activity and alarms
- Email & SMS (Short Message Service) Alert allows for text message, fax, and voice notification system for alarms and low battery notification with provider
- Time interval for PC/WEL cart updating frequency
- eReport notification allows system to automatically send activity reports on a daily, weekly, or monthly basis

***Customer is responsible for installation. Before purchasing software, it is imperative to contact your IT department concerning installation.**

Aluminum 24" Auto-Locking Mini Cart

(with *Optional Factory Installed Proximity Reader*)

AMC-4Color 5-Drawer 24" Auto-Locking Mini Cart

PEL-PR Optional Proximity Reader

Overall dimensions: 34.60"H x 20.70"D x 21.40"W.

Features:

- Keyless Entry
- 11 colors available
- Lightweight aluminum construction
- Master code for all programming
- Access code for normal, daily use
- Up to 250 user codes possible
- Manual or automatic locking
- Auto-Lock Timer can be set from 1 to 998 minutes, or it can be shut off so that the cart never auto-locks

- Battery operated; never needs to be plugged into an outlet
- "Low Battery" indicator light
- Manual key override for emergency access

Simply wave the card in front of the reader to open. Lock the cart by pressing the lock button or set the Auto-Lock Timer for anywhere from 1 to 998 minutes. The Proximity Reader will read most low frequency HID® Prox Cards (125 kHz).

***Please note for the Armstrong PEL and WEL carts, we suggest using alcohol only for the electronic keypad surface. Please completely dry keypad and surrounding area after alcohol application.**

Broselow® Pediatric Resuscitation System

Broselow® Pediatric Resuscitation System

AE-4700 Broselow® Pediatric Resuscitation System, \$1,950.00

Includes twenty-eight size-specific procedural modules in seven pouches, flying carpet, Broselow® Pediatric Emergency Tape, and all other equipment shown at left. All contained in a heavy-duty ALS equipment organizer.

The Broselow® Pediatric Resuscitation System is approved for the PALS education program. For children 3 to 36 kg.

NEW Broselow® Pediatric Emergency Tape “2017 Edition” mLs units are back!

AE-4800 Broselow® Pediatric Emergency Tape, 5/pkg., \$120.00

The 2017 version of the Broselow Reference Tape will be compliant with the 2015 PALS Standards

- Pre-calculated doses in milligrams, as well as all doses in pre-calculated mL, making the entire process error free by removing the need for any calculations.
- The new tape will accommodate for obesity by allowing for a habitus adjustment if deemed appropriate to the tape weight estimation.

1. Measure

Measure the child with the Broselow® Tape. This gives you an accurate weight estimate, equipment sizes, and drug dosages.

2. Treat

Reach into the bag for exactly the right equipment for I.V., intubation, O₂ delivery, or intraosseous access. There's no guessing.

NEW Broselow® Pediatric Resuscitation Medication/Infusion Guide “2017 Edition”

AE-4875 Broselow® Pediatric Resuscitation Medication/Infusion Guide, \$210.00

This Resuscitation/Infusion Guide is designed to provide you a quick reference to common resuscitation I.V. push drugs and vasoactive infusion drugs. The guide is sectioned off in colors that correspond with the Broselow® Tape. The guide is also a solution for those who are trying to address The Joint Commission mandate to use standard concentration drugs for infusions and eliminate the use of “Rule of 6” methods of calculating infusions. The front section provides precalculated

milliliter amounts of the most common I.V. push drugs for resuscitation. The back section provides infusion rates based on standard concentrations of common vasoactive medications. This Guide acts to further enhance the Broselow Tape. The Broselow® Pediatric Emergency System helps to reduce cognitive overload sometimes associated with pediatric resuscitations, as well as reduces the potential for medication mistakes due to calculation errors.

STOCK YOUR CART

Fill the drawers with the Broselow® Pediatric Resuscitation System, size-specific pediatric equipment for a complete resuscitation system.

AE-4712 Procedural Modules, \$920.00

A complete set of twenty-eight modules for the seven Broselow® Color Packs or the Broselow® ColorCode™ Cart.

Modules for Intraosseous Access, O₂ Delivery, Intubation, and I.V. Delivery.

AE-4703 Equipment Pack, \$655.00

Contains all the equipment that comes in the original Broselow® bag: two disposable manual resuscitators, four cuff masks, three disposable blood pressure cuffs, one gauge, two Magill forceps, and two Vital View II™ LED fiber optic laryngoscope handles.

Use in conjunction with your Broselow® Pediatric Resuscitation System.

Aluminum Cart Features:

- Ball bearing drawer slides
- Slide-thru side shelf
- Plastic top
- Soft-grip handles (2)
- Accessory panels (3)
- Stabilizing frame with bumper
- Locking casters (2)
- Swivel caster
- Tracking caster
- Breakaway locking bar (length of bar is equal to total drawer space)
- Aluminum mounting tracks

PBR-3 Three-inch Breakaway Locking Bar, \$45.00

PBR-6 Six-inch Breakaway Locking Bar, \$45.00

Alternative locking options help simplify inventory or limit access to sensitive materials. See page 38 for more locking options.

PBL-PC-9

TENTE Casters

Use OPTIONAL 3" drawer locks so that only the accessed drawers need restocking.

PBL-PC-9 shown with OPTIONAL Accessory Package PC-9E:

Includes AOB-1 Oxygen Tank Bracket, ASU-1 Suction Unit Holder, PIV-1 IV Pole, PCB-1 Cardiac Board (not shown), PBR-3 (8) 3" Breakaway Locking Bar, PBR-6 (1) 6" Breakaway Locking Bar, and APS-5 Plastic Seals. Also shown, AE-4800 Broselow® Pediatric Emergency Tape (sold separately).

PBL-PC-9 BASIC A-SMART® Premier™ Broselow® ColorCode™ Cart (pictured left)

Includes Nine-Drawer A-SMART Premier Breakaway Lock Cart (30" total drawer space), slide-thru side shelf, 30" locking bar, stabilizing frame/bumper system, seamless plastic top, soft-grip push handles, three accessory attachment panels, and all-swivel casters (two locking and one tracking).

PBL-PC-9A COMPLETE A-SMART Premier™ Broselow® ColorCode™ Cart System (not shown)

System includes PBL-PC-9 Basic ColorCode Cart, as well as AE-4712 Broselow® Procedural Modules, AE-4703 Broselow® Equipment Pack, and a Broselow® Pediatric Emergency Tape (see page 36).

Restock Only The Accessed Drawers. Save Money. Save Time.

Don't waste money checking crash cart drawers that haven't even been opened. With A-SMART® Premier™ Carts, individual drawer seals can be arranged so that only the accessed drawers need to be checked for inventory, a small investment that pays off with every use.

- Double lock medication drawers
- Improve equipment security
- Ready for changing needs

When carts are shared by departments or personnel, A-SMART Premier's locking options allow each to be locked with a

separate key. Never wonder about who else has access to your equipment.

Maybe you don't need this kind of flexibility now, but you might later. With A-SMART Premier, you can update your locking system at any time. Need to change a mobile workstation into a crash cart? No problem. Need to add a key lock to an existing cart? Done. Only A-SMART Premier offers you that kind of flexibility.

Locks may be placed on either corner glide for flexible security. **Double locking** drawers can help control inventory and access.

Breakaway Locking Bars

Mix lock sizes and types for precise inventory control.

Outer dimensions: 14¹/₁₆" x 26⁷/₈". Adds 12" to height of cart. Swivel top can rotate 360°. Capacity: 50 lbs.

ADS-1N PDS-2

PDS-2 PREMIER™ Armstrong Defib One-shelf Unit with Swivel Top, \$575.00

Same as ADS-1N (see above).

Cart Trellis Systems

See pages 42

All products are compatible with both Standard & Premier Carts unless otherwise stated.

To mount accessories to A-SMART® Premier™ Carts, extra accessory panels may be required. For panels, see page 44.

Tilt Bin Organizers Maximize Storage

Tilt Bins Organizers

Designed for modular assembly, Tilt Bins organize supplies to match your needs. Clear Tilt Bins leave stock visible for quick identification, yet are securely arranged.

Each bin has a slot for labeling and swings open for easy access. Bins are removable for cleaning or refilling.

NOTE: A Trellis Rail System or Shelving Unit (except ACD-1N, PCD-1, PLS-1, and ALS-1) is required to mount Tilt Bins to an A-SMART Cart. See page 42 for Trellis Rail Systems and page 46 for Shelving Units.

ATB-6X Six-Bin Unit, \$27.00

Each bin measures: 4¹/₂"H x 5¹/₄"D

ATB-5X Five-Bin Unit, \$32.00

Each bin measures: 6¹/₂"H x 5¹/₄"D

ATB-4X Four-Bin Unit, \$45.00

Each bin measures: 8¹/₈"H x 6⁵/₈"D

ATB-3X Three-Bin Unit, \$60.00

Each bin measures: 9¹/₂"H x 7³/₄"D

Each Tilt Bin Organizer has a total width of 22¹/₂".

Tilt Bin Dividers

Divide each bin into two sections.

ATB-4D Dividers for ATB-4X, 4/pkg., \$15.00

ATB-3D Dividers for ATB-3X, 3/pkg., \$18.00

All products are compatible with both Standard and Premier™ Carts unless otherwise stated.

A combination of bin sizes can be used to accommodate multiple-sized supplies or equipment.

**Need More Organization
For All Your Supplies?
See pages 48-50.**

Lockable Tilt Bin Organizers

NOTE: A Trellis Rail System or Shelving Unit (except ACD-1N, PCD-1, PLS-2, and ALS-2) is required to mount Tilt Bins to an A-SMART Cart. See page 42 for Trellis Rail Systems and page 46 for Shelving Units. Accessories (including Lockable Tilt Bins) can't be mounted directly above Lockable Tilt Bins.

Tilt Bin dimensions shown above.

Powerful Yet Gentle Portable Aspirator
Airflow >30 lpm At The TIP Of The Catheter
Vacuum Adjustable <50mmHg - >525mmHg

AC Suction with Battery Back-up

AE-6975 SSCOR® DUET™ AC/Battery-Powered Suction Unit with Built-in Automatic Battery Care and Protection, \$995.00

AE-6976 SSCOR® DUET™ AC/Battery-Powered Suction Unit with Retention Bracket (mountable on carts or walls), \$1,135.00

The Duet is perfect for hospital crash carts, patient transport, surgi-center backup, long term care facilities and more.

- An AC suction unit with battery back-up, the Duet provides instant, powerful suction whether or not AC power is available.
- Built-in charger maintains battery and will not overcharge. Keep it plugged in at all times for maximum battery health.
- 3 year battery replacement policy for properly cared for devices!
- When fully charged, the sealed lead acid battery provides 45 minutes +/- 10% of suctioning power, giving you the suction you need for emergency care procedures.
- Battery condition indicator.
- Universal canister bracket system allows use of the disposable canister system currently stocked in the hospital.
- Pump Airflow: Approximately 50 lpm.
- Clinical Airflow: 30+ lpm (achieved at tip of patient tubing).
- Size: 17"L x 9"H x 6"W; weighs 10.5 lbs.
- Battery Type: Sealed lead acid.

Flat back unit sits conveniently on a cart or shelf. Bracket back unit will attach to the side of the cart or to a wall saving valuable shelf and cart top space.

AHP-3 Standard Panel for Cart-mounted DUET
(Retention Bracket not included), \$40.00

PHP-1S Premier Panel for Cart-mounted DUET
(Retention Bracket not included), \$50.00

8722L Stubby Handle with LED Light Source, \$383.40
Uses disposable "AA" batteries.

Introducing the new Heine Laryngoscope Handles with LED Light Source. These LED handles offer illumination that is 3X brighter than a 3.5V Halogen Bulb. LED illumination

also allows for significantly longer usage time. Plus, the LED Light Source has a lifespan of 50,000 hours and comes with a 5 year warranty.

Heine Handles with LED Light Source are not approved for Sterrad® Sterilizers at this time.

Additional Status Indicator Cap Option

The Status Indicator Cap allows the user to see a more specific charge status anytime. When you turn your handle on or remove it from the charger, the LED Indicator on the bottom cap lights up for 10 seconds displaying how much battery time remains. The Indicator also remains lit at any time a laryngoscope blade is attached to the handle.

The Status Indicator Cap comes with the 8721LED Handle. One can also be added to any Heine Adult Lithium Ion LED or 3.5V Lithium Ion Halogen Handle (special Lithium Ion battery required). Call Customer Service for details.

8726 NT 300 Charger, \$446.80

The NT 300 Charger offers an easy-to-see visual indicator on your handles charging status. The entire collar of the NT 300 is brightly illuminated. When you place your handle into the well to be charged, the light ring will pulse, indicating your handle is being charged. Once your handle is fully charged, the light rings stay brightly lit for 4 hours indicating the full charge. This unit prevents over charging the battery and helps to guarantee extended battery life. The NT 300 is the only charger that gives you this immediate visual clue as to where your handles stand in the charging process.

The NT 300 fully charges a handle with a dead battery in a maximum of 4 hours and is compatible with all Heine rechargeable laryngoscope handles.

Heine Laryngoscopes

HEINE Classic Fiber Optic Blades
